Letter No. ....38|26-27

Dated 10/04/2026

**Tenughat Vidyut Nigam Limited (TVNL)-MYT and Business Plan for FY2026-27 to FY2030-31**

## PUBLIC NOTICE

**Objections/ Comments invited from various Stakeholders on the Petition submitted by TVNL for Business Plan and MYT (Multi-Year Tariff) for the Control Period FY 2026-27 to FY 2030-31**

Tenughat Vidyut Nigam Limited (hereinafter referred to as TVNL) is a power-generating company incorporated on 26th Nov 1987 under the Indian Company's Act, 1956. With the creation of Jharkhand State on 15th November 2000 from the erstwhile Bihar State, the TVNL became an undertaking of the Government of Jharkhand. TVNL owns and operates an installed power generation capacity of 420 MW with two units of 210 MW each at Tenughat Thermal Power Station located at Lalpania at the banks of Tenughat reservoir in Bokaro district with its head office at Ranchi. The units are under commercial operation as detailed below:

- a) Unit I - September 1996
- b) Unit II - September 1997

In accordance with the provisions of Section 62 of the Electricity Act 2003 and the provisions of the JSERC (Terms and Conditions of Determination of Generation Tariff) Regulations, 2025, TVNL has filed petitions for approval of Business Plan and MYT for FY 2026-27 to FY 2030-31

The Commission has directed Tenughat Vidyut Nigam Limited ('TVNL') to publish a public notice inviting objections/comments/suggestions from various Stakeholders.

### **Business Plan and MYT for FY 2026-27 to FY 2030-31**

With regards to the Business Plan and MYT for FY 2026-27 to FY 2030-31, the proposed CAPEX/Capitalization plan, de-capitalization plan and Operational parameters as well as ARR during the control period are as follows:

#### **a) CAPEX/Capitalization Plan:**

- 1.1. As per Regulation 14.11 of JSERC (Terms and Conditions for Determination of Generation Tariff) Regulations, 2025, a generating company may opt to avail a special allowance for meeting the requirement of expenses including R&M beyond the Useful Life of the generating station or a Unit thereof, and in such an event, revision of the capital cost shall not be allowed and the applicable operational norms shall not be relaxed but the special allowance shall be included in the annual fixed cost.

- 1.2. TVNL Unit-I is completing 25 years in FY 2021-22 and Unit-II is completing 25 years in FY 2022-23. Accordingly, TVNL shall require opting for special allowance for Unit-I & II from FY 2026-27 onwards as per Regulation 14.12 of JSERC (Terms and Conditions for Determination of Generation Tariff) Regulations, 2025.
- 1.3. Additionally, in order to achieve revised emission norms for coal-based power plants as issued by MoEFCC; TVNL also proposes installation of FGD, D-NOx and ESP systems as per Regulation 14.13 of JSERC (Terms and Conditions for Determination of Generation Tariff) Regulations, 2025. These expenditures are due to change in law and hence should not be regarded as CAPEX/Capitalization including Renovation & Modernization CAPEX and hence can be availed along with special allowance.
- 1.4. In accordance with the specified provisions 14.11 and 14.12 of the JSERC (Terms and Conditions for Determination of Generation Tariff) Regulations, 2025, TVNL prays to allow special allowance for both units during the MYT control period from FY2026-27 to FY2030-31.

**b) Annual Revenue Requirement (ARR)**

- 1.5. The details of ARR for FY 2026-27 to FY 2030-31 as submitted by the Petitioner for Unit 2 and 3 have been tabulated below:
