- If bidder click on Do Not Participate that means, Bidder is not interested to participate in the bidding.

What is "Tentative" button?

- If bidder click on Tentative that means, Bidder either will participate or not participate in the bidding.

What is "Create Response" button?

- After click on participate/Tentative button, bidder will use the create response to provide his/her bid quotation.

TO CREATE THE RESPONSE FOR THE PARTICULAR RFX

Step-1: Open the RFX.

Step-2: Click on Create Response.

ANSWER THE QUESTIONS IN THE RFX

After clicking on create Response button, system will show the error message. At this time, bidder will follow below steps:-

- 1) Click on Questions tab in the screen
- 2) Bidder will find Questions
- 3) Answer to those questions which are marked "*" is mandatory.
- 4) Finally click on check button to check for any error message.

ENTER THE PRICE OF THE ITEMS IN THE RFX RESPONSE

Enter the Price for all the line items and click on Check if in case of errors and click on Submit to complete the RFX Response.

ASK QUESTIONS TO TVNL IF YOU HAVE ANY DOUBTS REGARDING THE RFX

As a Bidder if You have some questions related to RFX and bidder can also ask questions before submitting the bid.

Step-1: Click on "Questions and Answers (0)" button.

Step-2: Enter the Question and click on Send button to send the question to purchaser/TVNL.

Vendor enters the Message and clicks on "Send" button.

TO UPLOAD THE DOCUMENTS IN THE RFX RESPONSE AS A BIDDER

Step-1: Click on "Notes and Attachments" tab

Step-2: Click on "Collaboration Room" as shown in the below screen to upload the documents.

Step-3: Click on Bidder Document folder.

Step-4: Click on Create Button.

Step-5: Select the Documents to upload the documents

Step-6: Enter the Name, Description of the document and click on Continue

Step-7: Click on Browser button to select the document in your local system.

Step-8: Once the document is selected click on save button.

Step-9: The saved document will be shown.

Step-10: Click on Logout and close the window once you have uploaded all the documents.

TO SUBMIT THE RFX RESPONSE AS A BIDDER

Once you have completed the Price, uploaded the documents click on check button for any errors.

If there is no errors system will show the below message.

Click on Submit button to complete the bidding.

After submitted the system will show the RFX Response status as "Submitted".

You can change the RFX Response even after bid has been submitted only when the submission date or time is still remaining (Not passed).

Step-1: Open the RFX Response

Step-2: Click on Edit Button

Step-3: Make changes in the RFX Response and Click on Submit.

You can also click in the Withdraw button to withdraw a bid and then If you Click on Edit button after withdrawal you can again make changes and resubmit the RFX Response if the submission time is remaining.

15. Scope of work:

a. Door-to-door collection of MSW from house, shops and establishments, other institutions within township premises and dustbins from different locations and transportation of waste, street sweeping, road flank cleaning, de-silting of drains, spraying bleaching powder in drains etc as per directions of E/I.

b. Cleaning of grasses & bushes from road and drain flanks, Quarter premises, playgrounds etc. in township area at TTPS and disposal of the same in proper manner as described below. Lifting and transportation of garden waste, tree branches and carcasses within the township area. (Burying the dead animals at proper location). Cleaning of sewerage drains & lifting of waste coming from drain cleaning, street sweeping from intermediate storage points /transfer points and its disposal in the manner as described below.

c. The agency shall ensure SWM plans in advance during special occasions such as Jathras, festivals, religious functions, public gatherings, any special events etc.

d. All equipment related to door-to-door collection, secondary collection, transportation & other activities would be purchased/ leased by the contractor and all capital expenditure and operational expenditure would be borne by them.

e. The collected waste should be segregated by the collecting team into Wet (Biodegradable), Dry (inert, recyclable and non-recyclable) and Hazardous waste in the segregation yard i.e. secondary segregation (primary segregation should be done at the household level).

- Wet waste (Bio-degradable) : Kitchen-refuse such as vegetable peels, fruits, flowers, egg shells, tea leaves, including leftover food, old bread, fish bones, leaves, garden shrubs, and others easily degradable items. Processing of such wastes shall be done by adopting with windrow composting.

- Dry waste: (Plastics, papers, cardboards, shampoo bottles, empty cans/ tins/ toothpaste/ tube/ worn out toothbrush/ milk covers, oil covers, glass bottles, pet bottles, broken toys, caps of mineral water bottles, iron pieces etc.) The dry waste collected from each source is taken to processing yard and further segregated into next level for sifting recyclable waste (metal, bottles, plastic, etc.). The segregated waste will be sent to recycling units or sold to agencies handling such materials as per directions of the E/I. The inert and non-recyclable waste shall be sent to the sanitary engineered landfill.

- Hazardous waste: Under this category items frequently discarded area: used batteries, children's diapers, used napkins (and such items), household chemicals/ cleaners/ fused bulbs/ tubes, broken mirror, broken ceramic items, residual paints, indoor and farm pesticides, grease, spray cans, shoe polish, expired medicines and other pharmaceutical items/ syringes, needles, sharps, blades and rusted tins, etc. They shall be stored at a suitable place and their disposal process shall be decided further as per quantum and type of such wastes.

f. The agency have to partition the container of tractor/ hand drawn rickshaw etc into three compartments or the agency have to engage three separate containers or the agency have to place three containers in a vehicle for collecting the primary segregated solid wastes. The three compartments/ containers should be marked as follows:

- Wet waste- Green
- Dry waste- Blue
- Hazardous waste- Red

g. Construction and operation & maintenance of the waste processing facility with windrow composting as one of the main processes for the wet waste.

- h. Construction and operation and maintenance of the sanitary engineered landfill for dry waste (inert and non-recyclable waste).
- i. Collection, transportation, processing and disposal of the MSW littered within the Township area of Tenughat TPS at the time of commencement of the collection and transportation services.
- j. Assist TTPS in public education / awareness related to MSW.
- k. Cleaning of road, road flanks, cleaning of drains, including removing flanks vegetation, grass, soil, rubbish, silt, rubbish, silt, slush, garbage, marshy refuse materials from dustbins and from entire township area, disposing grass, wood logs, loose earth, stone dust etc, brooming of road etc as per direction of E/I.
- l. create public awareness through information, education and communication campaign and educate the waste generators on the following; namely:-
- (i) not to litter;
 - (ii) minimise generation of waste;
 - (iii) reuse the waste to the extent possible;
 - (iv) practice segregation of waste into bio-degradable, non-biodegradable (recyclable and combustible), sanitary waste and domestic hazardous wastes at source;
 - (v) practice home composting, vermi-composting, bio-gas generation or community level composting;
 - (vi) wrap securely used sanitary waste as and when generated in the pouches provided by the brand owners or a suitable wrapping as prescribed by the local body and place the same in the bin meant for non bio degradable waste;
 - (vii) storage of segregated waste at source in different bins;
 - (viii) handover segregated waste to waste pickers, waste collectors, recyclers or waste collection agencies
- m. Ensure only the non-usable, non-recyclable, non-biodegradable, non-combustible and non-reactive inert waste and pre-processing rejects and residues from waste processing facilities to go to sanitary landfill and the sanitary landfill sites shall meet the specifications as given in Schedule-I of (S.O. 1357(E). of MOEF&CC); however, every effort shall be made to recycle or reuse the rejects to achieve the desired objective of zero waste going to landfill;
- n. In case of future outbreak of COVID 19, the agency shall have to engage their vehicle and manpower for spraying of disinfectants across the Township area. (Disinfectant is to be provided free of cost to the agency).
- o. The township area includes: A2, B, C, D, E, F-type , Driver shed, worker shed, sweeper shed, Dormitories, Shyamli guest house, Thana, Hospital, Community hall, playgrounds, gardens, market area (as per estimate attached) etc.

Procedure for treatment of various wastes (S.O. 1357(E). of MOEF&CC):

Wet waste (bio degradable waste): (S.O. 1357(E). of MOEF&CC)

Waste especially from kitchen such as vegetable refuse, food scraps, etc are called wet waste. They are to be sent for composting viz. windrow composting/ vermin composting/ NADEP composting by the govt approved methods.

Dry waste: (S.O. 1357(E). of MOEF&CC)

Dry wastes are to be sorted in recyclable and non-recyclable wastes. The recyclable wastes are to be stored separately, which is to be sold/ disposed off as per the direction of E/I. The non-recyclable dry wastes are to be sent to the sanitary landfills. It should be taken care by the agency that the landfills should not spread nuisance in the surrounding regions and human health should not be impacted.

A low lying land away from the human settlement is to be selected for the purpose. A gravel bed is to be made to prevent leaching if any to contaminate the ground water. After every filling or in periodical intervals a sand cap or clay cap should be put on that, which prevents gases such as methane/ carbon di oxide from causing air pollution.

Equipments and Logistical support for SWM (shall be provided by the agency themselves)

1. Waste collection carts or vehicles (Red, blue and green compartments/ separate carts to be used).
2. Uniforms and safety gears for the sanitation workers.
3. Facility for treatment of wet waste and other equipments such as rakes, shovel, hand fork, garden fork, trowel, bucket, wheel barrow, watering can etc.
4. Facility for treatment of dry waste (and the residual reject).
5. Facility for hand washing/ body washing for the sanitation workers.

Note: Any other works related with above as per emergency situation and as directed by the E/I shall have to be done by the agency at no extra cost.

3/10/21

16. Safety Measures: TVNL has a zero tolerance policy on adherence to Safety norms. The Contractor shall have to observe all the safety measures. The contractor has to make all the employees aware of risk involved in the watch and ward work and their employees should maintain safe distance from the railway tracks and the overhead traction lines. Safety appliances like helmet and safety shoes have to be arranged by the Contractor at his own cost. Before start of the work Safety Officer, TTPS, Lalpania will give a half day on job safety training in which participation of all the employees, supervisor and the contractor is essential. Safety Officer, TTPS, Lalpania will issue the necessary certificate of participation to the contractor and a copy of which has to be submitted along with the 1st RA Bill.

Any compensation payable to the Contractor's employee in the event of accident or causality has to borne by the Contractor himself and TVNL will not be responsible on this accounts in any way. In case of any damage due to negligence mishandling and mal operation by the staff of contractor, the damage would be made good by the contractor at his/own own cost. In case of non compliance, proportionate deduction will be made from the bills of the contractor.

17. Agreement: The firm or his legally authorized representative having Power of Attorney will have to execute an agreement with the ordering authority within 25 days of issue of order in the event of placement of order on them. The agreement will have to be prepared on a non-judicial stamp paper of Rs.100/- on Nigam's format. Bank Guarantee against Security Deposit, Performance Guarantee etc. as per order will have to be furnished well before execution of agreement. The contractor is required to produce all original paper and documents for verification before agreement failing which order will be cancelled. Contractor will not be allowed to start the work without executing the agreement.

18. Completion Period:- 24 (Twenty four) months from date of issuance of work order.

19. Jurisdiction of Court: Any dispute between the Contractor and TVNL shall be settled in the civil court, at Ranchi, Jharkhand only.

20. Labour Laws: The bidder has to follow the guidelines laid under the labour law, workmen compensation, and EPF rules in respect of minimum wages, EPF payment and other service condition. In the event of any accident / casualty to the employees of contractor, the compensation payable to the employees is to be borne by the contractor and TVNL will not be responsible in any way.

21. Minimum Wage Guarantee: The contractor shall strictly ensure that the minimum wages as stipulated by GoJ from time to time is paid to their workmen. Any increase in minimum wages during the period of contract, will have to be paid to their workmen without any claim on TTPS/TVNL. If the contractor fails to comply with guarantee of minimum wages then the agreement is liable to be terminated and security money may be forfeited.

22. Taxes: All statutory taxes as applicable shall be deducted from each the bill of contractor.

23. Violation of Terms & Conditions of Tender: All terms and conditions of tender shall form a part of the contract. If contractor fails to execute the work up to entire satisfaction of Engineer -in -Charge as per terms & conditions of tender, then the contract agreement can be terminated after one month prior notice and security money shall be forfeited.

24. Subletting: The successful bidder will have to execute the work directly. No subletting will be allowed.

25. Competent Authority: Managing Director TVNL reserves the right to extend the due date and to reject any/ all the tenders or to increase / reduce/ distribute the quantity of tender without assigning any reason thereof and not bound to accept the lowest tender or to assign any reason for the rejection of the lowest tender. During the execution of work in case of any dispute between the Engineer-in -Charge and contractor, the decision of GM-cum-EE cum-CE, Tenughat TPS will be final and binding.

26. Man Power: A list of manpower arranged by the contractor should be submitted to Engineer -in -Charge of the work before deployment and same should be deployed with due permission of Engineer -in -Charge. If the performance of the deployed person is not found up to the mark at any time, the contractor will have to replace them with experienced and suitable person.

27. Tools & Tackles: The contractor should have to arrange minimum of minor and special tools & tackles as per scope of work.

28. Variation of quantities of work: The contract price is based on the units rates and the quantities of items stipulated in the contract. The contract price may undergo corresponding change, if the work orders for change in quantities of items during execution of work. However, the units rates indicated in price schedules shall remain firm and shall not be subject to any escalation whatsoever. All unit prices shall be firm for variation within a

limit of $\pm 15\%$ Contract value may vary within $\pm 15\%$ of the grand total of schedule as included in Work Order. Such variation shall in no degree affect the validity of the contract and it shall be performed by the contractor as provided therein and be subjected to the conditions, situation and obligations originally and expressly included in the specification and amount to be paid therefore shall be calculated in accordance with accepted scheduled of rate.

NOTE: - As specified above and reiterated here for clarification that the contractor shall be bound to carry out and increased or decreased portion of work without any change in unit prices and no claim on any account shall be entertained for variation without the Limit of variation allowable under the contract, is on the contract value of as a whole as included in work order and not on the value of work of any individual items.

29. Site Cleaning: The Contractor must keep clean the working area after completion of the job. Waste materials and garbage shall be disposed off by the contractor at suitable place as per the instruction of the Engineer-in-Charge.
30. Date of commencement: The date of commencement of work will be considered from the date of issue of work order.
31. Liquidated Damages for Delay in Completion: In case of any delay in the execution of the work beyond the stipulated date of completion/ Completion schedule including any extension permitted in writing, TVNL reserves right to recover from the agency a sum equivalent to 0.5% of the value of the delay work for each week of delay and part thereof subject to a maximum of 5% of the total value of the work.
32. Mobilization Time: The successful bidder will be given maximum one month time from the date of LOI/Work Order for mobilization of resources, manpower and starting the work. The contractor failing to enter in to agreement and start the work within one month will lose the work order and earnest money/security money and work will be allotted to L2, L3.....bidder if they agree to work on L₁ rate.
